Refund Policy

Cancellation Refund Policy

A Student wishing to cancel an enrollment or withdraw may complete a Withdrawal/Cancellation Form. This form is available at www.HCI.edu or from the Registrar located in Suite 203.

Health Career Institute will refund monies paid by students in the following manner:

- All monies will be refunded if the applicant is not accepted by the school or if the student cancels within three (3) business days after signing the Enrollment Agreement and making payment.
- Cancellation after the third (3rd) business day, but before the first day of class, will result in a refund of all monies paid with the exception of the non-refundable registration fee.
- Any textbooks and uniform polo shirts that were issued must be returned to the school unused to receive the refund for those items.
- Refunds will be made within 30 calendar days of date of the cancellation with proper submission of a Withdrawal/Cancellation Form by the student. Written notification may be submitted by email, fax or in person.
- Refunds will be made within 30 calendar days of the first day of class if no written notification is provided by the student.

Return To Title IV Funds (R2T4) Policy

The requirements for federal financial aid when a student withdraws are separate from the Institutional Refund Policy, as such a student may still owe a balance to the Institution for unpaid institutional charges. Federal

regulations specify how the Institution must determine the amount of Federal financial aid the student is entitled to have earned when a student withdraws from the Institution.

The percentage amount of Federal financial aid a student has earned during a semester/pay period is calculated based on the total number of calendar days completed in a semester/payment period divided by the total number of calendar days in the payment period. For students who withdraw during the semester/payment period the school will perform the return calculation on a payment period basis.

The amount of assistance earned is determined on a pro-rata basis, up through the 60% point in each semester/payment period. For example, if you completed 30% of your semester/payment period, you earn 30% of the FSA assistance you were originally scheduled to receive. After the 60% point of the semester/payment period, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period. Any time a student begins attendance in at least one course, but does not begin attendance in all the courses he or she was scheduled to attend, regardless of whether the student is a withdrawal or graduate, the institution must review to see if it is necessary to recalculate the student's eligibility for funding received based on a revised enrollment status and the cost of education.

The Order of the Return of Title IV Funds

The return of Title IV funds under the Federal Refund Policy follows a specific order, as follows:

(1) Unsubsidized Direct Loan, (2) Subsidized Direct Loan, (3) Perkins Loan (if applicable), (4) Direct PLUS Loan, (5) Pell Grant, (6) FSEOG, (7) Other Title IV

Withdrawal Procedures

1. Notice of withdrawal should be made in person by submitting a Withdrawal Form to the Registrar, and the date of determination will be the date the student submits the Withdrawal Form. The Withdrawal Form and procedure may be obtained from HCI's Registrar in Suite 203 or on HCI's website: www.hci.edu.
2. If a student is withdrawn by the school for absenteeism based on the attendance policy, the student's last date of attendance will be the withdrawal date. The date of determination will be no later than 14 days after the student's last date of attendance.
3. If a student is withdrawn by the school for failure to maintain required grades or passing rate, the date of determination will be no later than 14 days after the student's last date of attendance, which will be the same day as the last failed exam or make-up exam.
4. I understand and agree that the school may change locations during the course of my enrollment. Further, I understand that should I decide to discontinue my enrollment on or after the date of that relocation, that my refunds (if any) will be calculated using the policy outlined in this enrollment agreement.
