ADDENDUM NO. 3

TO

CATALOG 2019

JANUARY 1, 2019 – DECEMBER 31, 2019

Effective October 24, 2019
HCI College continually reviews, improves and updates its programs, courses and curricula. It is incumbent on the College to reflect these revisions in its publications. The following Addendum No.3 represents additions, changes and deletions to the 2018-2019 HCI College Catalog, Volume II, August 13, 2019, and is effective October 24, 2019.

After successful completion of the program, the student will obtain an Associate’s Degree in Nursing, thereby allowing the student to take the National Council of State Boards of Nursing exam. Upon successful completion of this exam, the student will be awarded the Registered Nursing Licensure by the State of Florida.

The end of program student learning outcomes for the Associate Nursing program are:

1. Utilize critical thinking, the nursing process, and evidence-based practice to deliver best practice for optimal patient outcomes.
2. Provide quality, safe, evidence-based, patient-centered care through teamwork and collaboration. Use knowledge, skills, and attitude/emotional intelligence to assure coordination and continuity of care for patients across the lifecycle in a variety of healthcare settings from preventive- to end-of-life care. Understand the application of quality data and metrics as an opportunity to benchmark care delivery.
3. Integrate culturally competent decision making accomplished through communication, collaboration, and mutual respect for patients, significant others, and the interprofessional care management team.
4. Incorporate legal and ethical guidelines into practice and promote lifelong learning and professionalism through consensus building and conflict resolution.
5. Use technology to reduce error, remain current, educate patients and nurses, communicate essential information and document care.
