HCI

— COLLEGE —

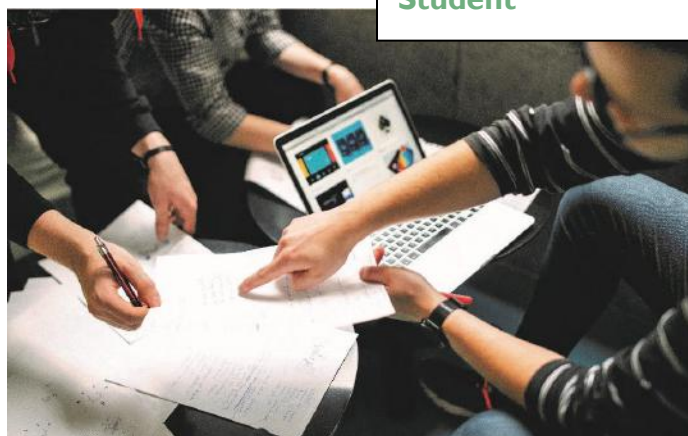

“In order to progress, continuously be eager to put in the effort. Work twice as hard today than you did yesterday.”

– Mark Springer
Paramedic
Student

“I am indefinite without my education, all that I desire, I will cultivate to achieve. Even when things appear to look grim, what’s ahead will surpass this dim moment.”

–Isabelle
Alexidor
Nursing Student

Student Spotlight!

Taylor is a recent graduate at HCI Fort Lauderdale FL. During her time here, she flourished as an amazing student. Her energy and dedication to excel was demonstrated her entire time on Campus. Taylor is currently working in the field of Pain Management as a full-time Executive Administrator. She successfully passed the NCLEX on February 14, 2020.

Taylor decided to pursue nursing due to her passion for the field. She can feel the fire in her soul to help people. Being able to comfort them and ease their mind is so incredibly inspirational. To see the progress firsthand and know that she is there and able to make that a reality is truly gratifying; not only her mental health but spiritual as well. Besides all the check offs and skills, Taylor learned to grow as an individual by always being humble and kind. Due to her willingness to excel, she finally understood the definition of perseverance. As a fulltime employee, with a family, it wasn't easy. Many nights she cried questioning why was she putting herself through this stress. But she kept moving forward with her head held high and a smile on her face. The advice to future students would be to **NEVER** give up on what they love to do, and what makes them happy because if you keep pushing eventually you will make it to where you need to be. Instructor Mindy Adkinson, there are no words to describe how incredibly instrumental this Instructor was with her success. She will forever be grateful to her for all the help she so graciously supplied. She once told her, you do not know what someone's battles are, but you may change their life by providing joy with your warm smile. HCI College Fort Lauderdale, FL changed my life and if you want it bad enough it can change yours too.
