

Effective Monday, June 7, 2021, HCI College has modified its COVID-19 Standing Operating Procedures for Students and Employees. The following standing operating procedures (SOP) will be followed while on campus:

SOP 1: Prior to arriving and arrival to campus:

- Any HCI student/HCI employee who show signs of a cold or flu will be asked to leave and contact their healthcare provider. Provisions will be made for the student to return and complete the program after they receive a negative COVID-19 screening. Please do the right thing if you are feeling ill.
- Students will bring only essential equipment including all uniform items, textbooks, skill sheets, or other reference material. Please use common sense.

SOP 2: Uniform

- In accordance with CDC Guidelines, if you have been fully vaccinated, masks are no longer required throughout the recreational facilities. Please note that clinical sites may require Personal Protective Equipment (PPE). Students must follow the requirements as determined by the clinical sites.

SOP 3: Entering classroom.

- Once student/employee is in the classroom, they will clean their area with disinfectant wipes. This will be done before and after class.
- Students will bring only essential equipment including all uniform items, textbooks, skill sheets, or other reference material. Please use common sense.

SOP 4: Lab/Clinical

- All gear and equipment will be staged in the designated lab working area as directed by the instructor.

The revised SOP were put into effect for the safety of both students and employees of HCI College. The SOP are to be followed. Anyone not adhering to the policies set forth will be asked to leave the campus. Failure to adhere to the SOP may result in further disciplinary action. Should you have any questions, please contact your Program Director or Supervisor
