INTRODUCTION

Welcome to HCI College Veterinary Assisting Program!

The faculty and staff at HCI College wish you much success through pursuing your goal to become a valued member of the veterinary profession. This is a very satisfying and stimulating career for all animal lovers. The Veterinary Assisting Handbook provides some emphasis on important information (in no particular order) in addition to the College Catalog, HCI website, and the online platform for students in HCI Veterinary Assisting program to review and follow.

Students are responsible for becoming familiar with all the information contained in the HCI College Catalog, Veterinary Assisting Student Handbook, all syllabi, and rules and expectations. **The student should retain and refer to these documents throughout the duration of the program.** Students will receive copies of revised policies and procedures and/or revised editions, as applicable.

If you have questions about the information contained in the Catalog or the handbook please talk with a faculty member, the Veterinary Assisting Program Director, or the Dean of Academic Affairs.

Best Wishes,

The HCI College Veterinary Assisting Department

ACADEMIC ADMINISTRATION

West Palm Beach (Main Campus)

Group Campus President/COO	David Shelpman, Jr., <i>MHRM</i>
Senior VP of Academic Affairs	Celeste Blackwell, <i>M.Ed.</i>
Dean of Academic Affairs	Avis Chapman-Reese, <i>Ph.D.</i>
Associate Dean of Academic Affairs	Alecia Dennis
Director of Nursing	Homecia St. Clair, <i>MSN, MSHS, CNM, PMHNP-BC</i>
Veterinary Assisting Program Manager	Jennifer Dingee

Fort Lauderdale (Branch Campus)

Group Campus President/COO	David Shelpman, Jr., <i>MHRM</i>
Senior VP of Academic Affairs	Celeste Blackwell, <i>M.Ed.</i>
Campus Director	Nichole Walsh, <i>M.S.</i>
Dean of Academic Affairs	Kim Phillips, <i>Ed.D</i>
Director of Veterinary Assisting	Lorilane Rodriguez-Hernandez

DRESS CODE

Required Uniform:

- Scrub top and bottom with HCI logo.
- White or black athletic-type shoe (**no open toes, no sling-backs, no clogs, no Crocs**).
- ID badge is required to be worn at all times.
- Student uniforms must always be clean and neat, properly maintained and appropriately laundered and pressed.
- Good hygiene and grooming; free of body odor and perfumes/colognes; overall body appearance must be commensurate with a professional presentation.
- Trimmed hair, beard, moustache, sideburns
- **No visible tattoos:** tattoos that may be visible must be covered
- **Body piercing:** One small stud permitted per ear lobe (no larger than ¼”); no other visible piercings are allowed (**no hoops or dangling earrings**). This includes all facial piercings including but not limited to tongue, nose, eyebrow, ear cartilage or other visible piercings.
- **Jewelry:** solid metal wedding/commitment bands only; dangling earrings are not permitted; single, simple necklace is permissible as long as it does not extend over uniform (certain jewelry may not be permitted in certain externship sites such as mental health and pediatrics).
- **Nails:** short, clean, and well-manicured (**not beyond tip of finger**); no nail polish, décor/jewelry, artificial or acrylic nails.
- **Hair:** Must be clean, neat, trimmed, off the collar, away from the face and secured (must not fall forward when bending over) with bangs no longer than eyebrows; securing devices must be simple/non-ornamental, preferably matching the hair color. Hair must be of a natural color.
- **No artificial eyelashes are permitted.**
- Any additional clothing, (i.e. a sweater) must be in solid colors with no writing, words, or offensive pictures. Long or short-sleeved shirts worn **under** scrub tops. No pullover sweaters. Scrub top must be visible.
- Students must also follow the externship facility’s dress code during externship assignment, in addition to the college policies.
- Gum chewing is inappropriate, unprofessional and is not permitted at any time while in uniform.

- Smoking is not permitted at any time while in uniform. Students who are smokers will be required to practice meticulous hand hygiene prior to client contact.
- Some agencies may require their own identification badges in addition to the one issued by the College. ID badge must be visible at all times.
- Lanyard (necklace) badge holders are not permitted in order to ensure the safety of the student.
- Students who must wear a head covering and/or long sleeves due to religious preference or doctors order are to do the following:
 - Wear a white or black covering and if long, tuck it into the neck of their top.

NOTE: Faculty reserves the right to determine that an individual student's appearance may be inappropriate; accordingly, inappropriate attire may result in that student being dismissed from the externship or academic setting.

ATTENDANCE

Regular and punctual attendance in classes, labs and externship/simulation learning experiences is expected of all students and are important aspects of meeting the objectives of the Veterinary Assisting courses. Refer to the course syllabi for additional details.

IMPORTANCE OF MEDICAL TERMINOLOGY

The NAVTA AVA Essential Skills for Veterinary Assistants do not include specific requirements for medical terminology courses. However, we have included the Medical Terminology course in the program because we believe this course provides the basis for all the courses in this profession. We need to communicate with a clear understanding about anatomy and physiology, disease diagnostics, treatments, and general information in veterinary practice with co-workers and with pet owners. This course provides the basics of terminology that is a part of every course in this program. Use your study time to review the Key Terms at the beginning of every chapter of the textbook. Also, participate in the Quizlet exercises online with every course. Consider medical terminology a lifelong learning process that you add to every day.

CLASS MATERIALS

In order to complete some assignments and to participate in the online portion of the course, a student must have Internet access. Students should receive their laptops within the first week of the class. Students may use the computers in the library until they receive their laptops. The student must use the college email account for all communications with the faculty or other campus personnel.

CLASS PROJECT

Each module may have a course project which will be described in the syllabus.

WORK ETHICS

HCI instructs and evaluates students on work ethics in all programs of study. Some work ethics traits that have been identified and defined as essential for student success are as follows. Appearance, attendance, attitude, character, communication, cooperation, organizational skills, productivity, respect, and teamwork. As a student in this HCI program, you will be expected to adhere to the highest standards of such character traits in your behavior as well as your coursework.

CLASSROOM EXPECTATIONS

Students are expected to come to class on time and ready to participate. They should wear the appropriate uniform during class and lab time as well as their nametag or student ID tag. Classroom etiquette is very important and must be observed and respected by all students. For instance, students are not to put their head down on the bench during the class as they may appear to be dosing off to others. No eating or drinking other than from sealed water bottles/packages. Adequate break time will be provided to have a snack or get up and move around. Talking, texting, reading emails and any other distracting activity is not permitted. Be sure to turn

off or silence cell phones, beepers, or pagers during class/lab time and place them in a purse, or backpack under the desk except for classroom exercises that may require phone usage such as Kahoot or Google Classroom.

GRADING AND EVALUATION

Student's grades will be based on classroom participation, homework, in-class assignments, possible projects, and tests. The course grade will be computed according to the course syllabus for each course.

HCI Grading System

Student performance is recorded in grades as follows: Student performance is recorded in grades as follows:

A	=	90-100	=	4 grade points	Excellent
B	=	80-89	=	3 grade points	Very Good
C	=	70-79	=	2 grade points	Good
D	=	60-69	=	1 grade points	Poor
F	=	0-59	=	0 grade points	Failure
I	=	Incomplete			
T	=	Transfer			
AU	=	Audit			
P	=	Pass	<i>*For certain designated courses only. See Course Descriptions below</i>		
NC	=	No Credit			
R	=	Re-Take			
NS	=	No Show (Does not calculate into attempted credits)			
W	=	Withdrawn (Withdrawal at student's request)			
Z	=	Withdrawn (Withdrawal before add/drop period)			
TR	=	Internal grade used by the College to indicate a transfer of shift			

Note: The College will utilize D. and F. grades on transcripts. D. and F. grades do not fulfill graduation requirements. Students who have earned D. and F. grades on their transcripts must repeat the course and pass with the appropriate grade in order to fulfill graduation requirements.

ACCOMODATIONS

The Americans with Disabilities Act of 1990 – The Rehabilitation Act of 1973, Section 504

HCI College recognizes and accepts its obligations under The Americans with Disabilities Act (ADA) of 1990 and The Rehabilitation Act of 1973 prohibiting discrimination on the basis of a disability and requiring that reasonable accommodations be provided to qualified disabled students in all programs and activities within the control of the Institution, provided such accommodation would not impose an unreasonable burden on the College or other students.

Determination of reasonable accommodations and compliance with the ADA and Rehabilitation Act for students are managed by the Office of the President. No student shall be retaliated against for seeking accommodation under this policy or for participating in good faith and in a reasonable manner in any review procedures concerning HCI College for its alleged noncompliance with The Americans with Disabilities Act of 1990.

The following individual is HCI College's Section 504 Coordinator:

Celeste Blackwell

Senior Vice President of Academic Affairs

HCI College, 1764 N. Congress Avenue

West Palm Beach, FL 33409

Telephone: (561) 586-0121

Fax: (561) 471-4010

Email: celestebblackwell@hci.edu

ACT VIDEOS

Some portions of the course may include scenarios and videos provided by Animal Care Technologies. These items will be assigned as appropriate and specific to each subject area or topic. The videos may require more than just watching one time. It is suggested that the student fully watch the video once, then watch it for a second time taking notes or jotting down questions for the next onsite session. Student should also create a vocabulary list for terms introduced in each video.

PARTICIPATION

All students are encouraged to attend class regularly with enthusiasm and to complete all course assignments on a timely basis. Attendance is essential for success in the class, as participation is measured in class, and information covered during class lecture and discussion are essential to understanding the concepts in this course.

ABSENCES

Any material missed as a result of absences is the responsibility of the student and should be obtained from classmates. If you know you are going to be absent for some reason, inform the instructor in advance and turn in written assignments ahead of time whenever possible.

LATE WORK AND MAKEUP POLICY

Any class not attended detracts from the overall instruction being offered. Normally, instructors will make arrangements on the student's time, outside of class, to make-up tests or other missed work at their discretion for excused absences. It is the responsibility of the student to contact each instructor and make appropriate arrangements before the next class meeting to complete any missed work. Tests and homework submitted after the due date will receive point reductions in grades for each day following the due date. If a test is not taken within four days after returning to class, a grade of zero may be recorded.

Quizzes that are missed may be scheduled for make-up at the sole discretion of the instructor.

CLASS FORMAT

Post-secondary coursework requires that the student spend at least two hours of study time outside of the class time, for each hour of lecture received. Adequate time outside of class is necessary to prepare for classroom instruction, laboratory work, assignments, exams, and projects. Students should read textbook chapters prior to their being discussed in class, and they should come to class with all assignments complete and ready for discussion. Students must study for exams and quizzes, as well as review the principles required prior to attending laboratory settings. The textbook, assignments, projects, quizzes, and/or exams referenced in the course syllabus demonstrate the types of class preparation activities that are completed during this class preparation time.

TUTORING

Individual assistance may be scheduled on a case-by-case basis with instructors.

LIBRARY RESOURCES

HCI Library provides students access to books, periodicals, and electronic resources. Students are encouraged to use the Library for class research projects. Help with research and projects are available within the Library. Computers are available for student use. A student ID is required in order to check out any materials from the library. A self-service, black and white copier/printer is also available in the library.

ACADEMIC SUCCESS

All program courses in the Veterinary Technician Program must be completed with a grade of "C" (70%) or better in order to graduate. Students are required to repeat courses with grades of "D" or "F" and will be charged tuitions and fees for repeats. Students must meet Satisfactory Academic Progress (SAP) to stay enrolled in college and be eligible for Financial Aid (refer to catalog for details on SAP, FA Warning, Dismissal, and Appeal processes). If a student is unsuccessful in a course the student may have to wait until the course is offered again for a retake.

VETERINARY ASSISTING DIPLOMA PROGRAM OVERVIEW

The diploma program in Veterinary Assisting is designed to prepare students for entry-level employment as an assistant to a veterinarian or veterinary technician. The program will provide students with a foundation of knowledge in ethics and law, animal anatomy and physiology, medical terminology, and animal care activities. Through hands-on learning, students will learn to keep medical and imaging records, offer client education, assist with nursing duties, prepare for surgeries, and assist in a routine exam. This program includes an externship experience. Upon successful completion of the program a diploma is granted.

Veterinary Assisting Program Courses:

Course Code	Course Description	Credits
VAT100	Introduction to Veterinary Assisting	4
VAT110	Medical Terminology	4
VAT120	Anatomy and Physiology	4
VAT130	Laboratory Procedures	3
VAT140	Pharmacology	3
VAT150	Radiology	3
VAT170	Veterinary Clinical Procedures	3
VAT180	Hospital and Surgical Procedures	3
VAT200	Externship	4
SLS110	Career Preparation	4

NOTE: Refer to the College Catalog for course descriptions and program details.

Veterinary Assisting Student

ACKNOWLEDGEMENT OF RESPONSIBILITIES

By initialing the following, the undersigned student acknowledges receipt of the materials listed and agreement to abide by the policies contained within the current HCI College Catalog.

_____ HCI College Admission Documentation, Externship/Classroom Skills Training, and Attendance Policy.

_____ Current HCI College Veterinary Assisting Student Handbook.

_____ I understand that I am to only function under the direct supervision of the site manager during all externship experiences.

_____ I understand that I will not be used to meet staffing requirements at the externship agency.

_____ I understand the passing grade for any Veterinary Assisting course is outlined in the appropriate syllabus.

_____ I acknowledge that I have been fully advised that my program of study may require exposure to blood and body fluids while performing universal precautions; as well as conducting myself in a professional manner by attending externship sessions on time. I further acknowledge my responsibility to only perform the above activities under direct supervision of the site manager.

_____ I agree to hold HCI College harmless for any and all consequences (including transmission of blood borne pathogens) of such participation which are not the fault nor within the control of HCI College.

_____ I acknowledge my responsibility under federal applicable law and agree to keep confidential any information regarding externship facility patients, as well as any other confidential information of the facility. I agree, under penalty of law, not to reveal to any person or persons except authorized externship staff and associated personnel, any specific information regarding any patient. I further agree not to reveal to any third party any confidential information from the facility.
