## General Information

### Equal Access to Education

Section 504 of the Rehabilitation Act of 1973 (Section 504) and the Americans with Disabilities Act (ADA) of 1990 state that qualified students with disabilities who meet the technical and academic standards at HCI College may be entitled to reasonable accommodations. Under these laws a disability is defined as any physical or mental impairment which substantially limits a major life activity. To this end, HCI College is committed to providing equal access to education by removing unnecessary barriers to enhance each student's ability to demonstrate his or her academic abilities. Section 504 and the Americans with Disabilities Act of 1990 (ADA) reinforced the provisions of the Rehabilitation Act and extended coverage to the private sector with the extension of access into all aspects of campus life, including communications and other privileges and advantages by requiring that all public facilities, services and communications be accessible to persons with disabilities and that auxiliary aids and services be provided unless such provisions place an undue hardship upon an institution.

### Who is Considered Disabled under the Law?

According to the Americans with Disabilities Act (ADA) of 1990, and Section 504, a disability is a physical or mental impairment that substantially limits one or more major life activities (e.g., walking, sitting, breathing, learning, working, sleeping, etc.). This law also requires an individualized assessment of each case to determine whether or not a disability exists. The College is not required to evaluate students or pay for such an evaluation. It is a student's responsibility to provide adequate documentation and request adjustments/accommodations and services. The College has the right to establish professional criteria to be used in reviewing the documentation.

### Reasonable Accommodation

"Reasonable accommodation" is the term used by Section 504 for modifications made to an environment which eliminate or decrease, to a reasonable degree, structural and/or learning barriers which a student might encounter due to his or her disability. The law does not require that students with a disability be given "special" advantage that places them in a better position to succeed than their classmates. Reasonable adjustments/accommodations are made to put students with a disability in the same starting position as their nondisabled classmates. Nevertheless, an academic institution is not required to fundamentally alter the nature of its academic program in order to accommodate students.

HCI College is committed to providing access to all of its programs, activities and services and will either remove physical barriers or enhance access in other ways to enable qualified students with disabilities to participate in such endeavors.

# HCI College Commitment and Support

## Commitment

HCI College is committed to providing equality of opportunity to students with disabilities through a supportive academic and social environment. Faculty and students work together in partnership to determine students' needs and attempt to see that those needs are met.

A student who self-identifies as a person with a disability requiring auxiliary aids/academic adjustments to any staff or faculty member at any time should be referred to the College's Section 504 and the ADA Coordinator for assistance.

Adherence to this policy will ensure that these students obtain the appropriate information and if desired by the student, initiate the formal process for receipt of auxiliary aids and academic adjustments. The auxiliary aids and academic adjustments are provided at no cost to students with disabilities.

## Support

HCI College complies with Section 504 requiring that no qualified person with a disability will be excluded by reason of the disability from enrolling in a course of instruction. Students wishing to avail themselves of special adjustments/accommodations under Section 504 and the Americans with Disabilities Act may disclose special needs at time of enrollment or any time during their enrollment in HCI College.

For physically challenged students, HCI College campuses are either located on ground level or have appropriate elevator service with ramps and designated parking to facilitate easy entry. Restrooms are equipped with wide doorways and bars to ensure wheelchair accessibility.

### **The following individual is HCI College's Section 504 Coordinator:**

Celeste Blackwell  
Senior Vice President of Academic Affairs  
HCI College  
1764 N. Congress Ave Suite 200  
West Palm Beach, Florida 33409

## Students with Disabilities Complaint Policy:

A student who feels they he/she has not been treated fairly under HCI College's stated federal policies has the right to file a written complaint. A complaint should be submitted to the President of the campus. These procedures apply only to complaints received in writing.

- A complaint is submitted in person, by U.S. mail, or by fax. Complaints may not be submitted by email. Complaints should be dated.
- Within 10 business days after acknowledging receipt of the disability complaint, the President of the campus will inform the complainant regarding the institutional response to the written complaint.
- Students have the right to file a grievance with HCI College in the event that students believe the College has not followed its policies. The grievance procedures are described in the HCI College catalog.

## Communication

HCI College expects students with disabilities to take an active role in communicating their needs, as they can best describe their strengths and weaknesses. It is important that students inform the College of their situation at time of enrollment or as soon as possible to allow sufficient time to make necessary arrangements. Please note that in order to be eligible for requesting adjustments/ accommodations, the applicant must have successfully completed all parts of the enrollment process and paid the associated enrollment fees. However, if the applicant raises questions regarding the adjustment/accommodation paperwork/ process prior to completing the enrollment process and payment of the enrollment fees, the applicant will be directed to speak with the Senior Vice President of Academic Affairs. Reviewing documentation and arranging for appropriate adjustments/ accommodations takes time, and a delay in following through can result in a delay in receipt of adjustments/accommodations.

## Sources and Forms of Documentation\*

Documentation is critical in determining suitable adjustments/ accommodations. It is an individual student's responsibility to identify her- or himself as a person with a disability and to provide the College with diagnostic documentation of the disability from an appropriately licensed professional. The documentation should demonstrate how the disability limits the student's ability to participate in an academic setting, must clearly outline the accommodation or academic adjustment requested, must be included as part of the application, and must be submitted to the Senior Vice President of Academic Affairs for verification. This documentation is provided to the Accommodations Review Committee before an adjustment/accommodation is provided. For the detailed outline of specific documentation required by HCI College, please see the “CRITERIA FOR DISABILITY DOCUMENTATION” section of this manual on pages 10-12.

*Acceptable sources of documentation for substantiating a student’s disability and request for particular accommodations:*

### **Student’s Self report**

The student is a vital source of information regarding how he or she may be “limited by impairment.” A student’s narrative of his or her experience of disability, barriers, and effective and ineffective accommodations is an important tool which may be sufficient for establishing disability and a need for accommodation (page 20 of this manual).

**AND**

### **Information from External or Third Parties**

Diagnostic documentation of the disability from an appropriately licensed professional. The documentation should demonstrate how the disability limits the student's ability to participate in an academic setting, must clearly outline the accommodation or academic adjustment requested, and must be submitted to the Senior Vice President of Academic Affairs for verification.

\*HCI College’s process and criteria for determining accommodations may not be the same as practiced by other institutions or entities.

## Accommodations Review Committee (ARC)

The ARC includes the Dean of Academic Affairs, Campus President/Director, and Senior Vice President of Academic Affairs. Committee members are appointed by the Senior Vice President of Academic Affairs. The ARC will have access to all of the documentation pertaining to the student's request for adjustments/accommodations. HCI College's Accommodations Review Committee will engage in an interactive process with the student regarding what accommodations/academic adjustments are needed. The student will be contacted prior to the ARC determination to ensure that the student is involved in the process that determines what services, if any, the student is to receive.

The student will receive written notification of the decision reached by the ARC within 5 business days of receipt of the student's signed and dated forms requesting accommodation or adjustment. The student will receive the approved accommodation or adjustment within 5 business days\* of the ARC's decision. This established procedure is to ensure proper and timely disbursement of auxiliary aids and/or academic adjustments to students with disabilities.

*\*Students are provided the approved accommodation or adjustment following the ARC meeting, unless specialized accommodation/adjustment/equipment needs to be ordered and received by the student or College, not to exceed 30 business days. In the interim the College will provide alternative reasonable supplemental or substitute accommodations where possible to the student pending receipt of the specialized accommodations or equipment. Every effort will be made to provide the approved accommodation or adjustment as expeditiously as possible.*

## Confidentiality and Information Release

HCI College is committed to ensuring that all disability information regarding a student is maintained as confidential as required or permitted by law. In most instances, the College will not inform Faculty members as to the nature of a student's disability unless it is necessary for providing appropriate adjustments/ accommodations or in order to protect the health and safety of the student and/or others. Faculty is informed of necessary or appropriate adjustments/ accommodations needed to meet a student's disability-related needs. A student may give written authorization for the release of diagnostic documentation if he or she wishes to share it with others.

In addition to the usual adjustments/accommodations provided by faculty, the College reserves the right to release supplementary information should there be a need to know.

***Some common need-to-know scenarios include, but are not limited to:***

- A request for a course substitution
- The safety of the student and/or others
- Grievance cases
- Special financial aid consideration

# ACADEMIC ADJUSTMENT/ACCOMMODATION PROCEDURES

---

A student desiring an academic adjustment/accommodation must submit current documentation as required by the Criteria for Disability Documentation to the Senior Vice President of Academic Affairs. The documentation should state, as determined by an appropriate licensed professional, what reasonable adjustments/accommodations are needed by the student. Academic adjustments/accommodations may be requested by following the review/verification process described below.

***In addition to the required disability documentation, the following forms can be completed at any time during a student's enrollment in HCI College:***

- a. Disability Registration Agreement
- b. Confidentiality Statement
- c. Request for Adjustments/Accommodations

***ALL FORMS MUST BE SIGNED AND SUBMITTED TO THE SENIOR VICE PRESIDENT OF ACADEMIC AFFAIRS.***

Once the appropriate forms and disability documentation have been received by the Senior Vice President of Academic Affairs and procedurally verified, the student's written request for adjustments/accommodations is forwarded to the Accommodations Review Committee (ARC) for approval. The Senior Vice President of Academic Affairs will retain a copy of all relevant documentation in the student's file.

HCI College's Accommodations Review Committee will engage in an interactive process with the student regarding what accommodations/academic adjustments are needed. The student will be contacted prior to the ARC determination to ensure that the student is involved in the process that determines what services, if any, the student is to receive.

The student will receive written notification of the decision reached by the ARC within 5 business days of receipt of the students signed and dated forms requesting accommodation or adjustment. If approved, it is required that the student meet with the ARC Committee and Dean of Academic Affairs to review, verify, and document ARC findings and the academic adjustments/ accommodations. The student will receive the approved accommodation or adjustment within 5 business days\* of the ARC's meeting. This established procedure is to ensure proper and timely disbursement of auxiliary aids and/or academic adjustments to students with disabilities.

## Resubmission Procedure:

Students who are denied adjustments/accommodations due to a lack of sufficient documentation of their disabilities may resubmit their requests when they have additional documentation.

## Grievance Procedure:

Students who have been deemed ineligible for adjustments/accommodations have the right to file a grievance with HCI College. The grievance procedures are described in the HCI College catalog.

*\*Students are provided the approved accommodation or adjustment following the ARC meeting, unless specialized accommodation/adjustment/equipment needs to be ordered and received by the student or College, not to exceed 30 business days. In the interim the College will provide alternative reasonable supplemental or substitute accommodations where possible to the student pending receipt of the specialized accommodations or equipment. Every effort will be made to provide the approved accommodation or adjustment as expeditiously as possible.*

When adjustments/accommodations have been approved by the ARC, either the Senior Vice President of Academic Affairs or the Dean has the responsibility to initiate a meeting with each Instructor of Record and the student to ensure adjustments/ accommodations are provided. Such adjustments/ accommodations will be documented on the Approved Course Adjustments/Accommodations form. This meeting will occur prior to the beginning of each term and a new approval form will be completed with the forthcoming Instructor of record.

If a student encounters difficulties with an Instructor or other College personnel regarding adjustments/accommodations, the student should bring the difficulties to the attention of the Senior Vice President of Academic Affairs. If the Senior Vice President of Academic Affairs is unable to resolve said difficulties, the Campus President will be brought into the discussion to assist with a resolution.

## HCI College Confidentiality Statement

The Senior Vice President of Academic Affairs is responsible for receiving and maintaining the disability-related documentation and information for students with disabilities at HCI College. The documentation and information may include test data; psychological, psychoeducational and/or neuropsychological evaluations; grades; transcripts; biographical history; case notes; and any other disability-related information necessary to document and provide adjustments/accommodations to students with disabilities.

Students with disabilities have a right to review their file. A student who wishes to review his or her file must schedule an appointment with the Senior Vice President of Academic Affairs. Students may request and receive copies of case notes, Course Adjustment/Accommodation Forms, and other documentation from the Senior Vice President of Academic Affairs. However, students will not be provided copies of disability-related documentation from their files. Disability-related documentation is defined as any documentation given to the Senior Vice President of Academic Affairs to substantiate the student's disability status and need for adjustments/accommodations (e.g., psychological, psychoeducational, neuropsychological or medical evaluations; letters or other information from physicians; or medical records). The Senior Vice President of Academic Affairs will retain a copy of all information within a student's file.

Disability-related documentation (as defined above) is treated confidentially and will not be released to anyone not involved in the adjustment/accommodation and service-delivery process with the following exceptions: (a) the student gives the Senior Vice President of Academic Affairs a signed release to share disability-related information with the person(s) or office(s) named on the release; (b) the Senior Vice President of Academic Affairs will release disability-related information as required and/or permitted by the law and/or a court order; (c) the student threatens to harm himself or herself or others, or is suspected of abuse of a child or incapacitated adult; (d) the student files a disability-related complaint, appeal, grievance or lawsuit against a College office or employee(s).

Only the Registrar has direct access to student files. When a student with a disability requests adjustments/accommodations, he or she understands that some disability-related information may be provided on a need-to-know basis to College faculty and staff to help ensure that the student receives appropriate adjustments/accommodations.

*The Dean of Academic Affairs' office of the College in which the student is enrolled and the Instructors of classes for which the student is requesting adjustments/accommodations will receive disability-related information necessary to provide appropriate adjustments/accommodations. If a student files a disability-related appeal or grievance, the student understands that the Senior Vice President of Academic Affairs will release disability-related information to appropriate College offices (i.e., the General Counsel, the Student Services office, and/or appropriate College committees).* Otherwise, College faculty and staff need to know only (1) that the student has been through the disability documentation review process at HCI College; and (2) what adjustments/accommodations have been approved to meet the student's disability-related needs.

***I HEREBY ACKNOWLEDGE THAT I HAVE READ THE CONFIDENTIALITY STATEMENT. I UNDERSTAND AND AGREE TO THE CONFIDENTIALITY OF MY DISABILITY DOCUMENTATION AND INFORMATION AS DISCUSSED ABOVE. I UNDERSTAND I CAN SPEAK FURTHER WITH THE SENIOR VICE PRESIDENT OF ACADEMIC AFFAIRS IF I HAVE ANY QUESTIONS.***
